2–5 Welcome

Local family-owned company helps homeowners build beauty that lasts.

6–51 Outdoor Living

Design your ideal outdoor space for relaxing and entertaining.

From left to right: Bill Houlanah Jr, Kendall Anderegg, Chris Houlanah, Gary Houlanah
Our Family Tradition

For over 115 years, customers across the Pacific Northwest have trusted Mutual Materials.

As a local family-owned and operated company with fifth-generation family leadership, Mutual Materials was founded in 1900 by Daniel Houlanah as Builders Brick Company. Following the Great Seattle Fire of 1890, our brick literally rebuilt Seattle and can be seen in many historic buildings today.

As our company grew and expanded with new product lines and new geographic locations, the company name changed to Mutual Materials in the 1960’s. Our products continue to build beauty that lasts across communities throughout the Pacific Northwest.
Building Beauty That Lasts

We help our customers build better, more inviting communities by providing appealing hardscape and masonry products that stand the test of time.

Across Mutual Materials, we are proud of what we do and are inspired to see our products chosen by professionals to build communities. Our products build beauty that lasts through hospitals, schools, stadiums, businesses, family homes, public parks, and backyards.

Mutual Materials has long served a professional network of architects, interior designers, builders, masons, and landscape design professionals. Today we also serve residential homeowners, both through our professional networks and through our retail branch locations.
Inspired Outdoor Living

Patio: Columbia Slate in Summit Blend (sealed).
Tree Ring: RomanStack® in Summit Blend.
Create inviting spaces to enjoy Northwest beauty...
From old world to contemporary, paved patios can lend a distinctive tone to the character of your yard. Whether you use it for a barbecue, entertaining, or kids’ play area, it’s a central gathering place. Design the patio of your dreams choosing from our wide variety of styles, colors, and textures available in both pavers and slabs.

Designed to Welcome You Home
Driveways

Home Exteriors
Welcome home...
For grand entrances and driveways, choose the distinctive style and beauty of concrete or clay pavers. The permeable pavers in our Environmental Series allow storm water to return directly into the soil and prevent it from carrying pollutants into our storm drains.

1. Permeable Driveway: Eco-Priora® in Gray.
2. Permeable Driveway: Eco-Priora® in Gray.
1. Driveway: Dominion Slate in Northwest Blend.
2. Driveway: Old Dominion Circle in Harvest Blend.

3. Home Exterior: Brick in Coal Creek.
Project by Pacific Outdoor Living.

Glazed Slimbrick® in Picket Fence.
Designing for moments with friends and family...
Kitchens & Home Interiors

Stone and brick veneers, once the secret of interior design professionals, are a new trend in upscale residential homes. From timeless and classic exposed brick walls, to the modern look of glazed brick, Slimbrick® tile adds character and depth to your home interiors. Stone veneers lend unique craftsmanship and lasting style to kitchens and bathrooms, stone fireplaces, and more.

Farmhouse Kitchen and Details: Slimbrick® in Mutual Used.

Gather ideas and inspiration for your home or yard project.

Select Mutual Materials products and colors.

Design your project yourself or hire a professional through our network.

Install the project and enjoy!
From ideas and inspiration, to product selection, then finding installation professionals, Mutual Materials is here to help our customers build beauty that lasts in their homes and yards.

**Professional Services**

- As a manufacturer, Mutual Materials does not offer design or installation services directly, but we know who does. Our professional network includes architects, designers, builders, and landscape professionals.
- Our Contractor Connect Program matches your project with multiple contractors. You work directly with the company of your choice.
- Contact the Contractor Connect Program office at 1-800-548-8452.

**Project Support & Resources**

- Visit www.mutualmaterials.com for:
  - Project ideas for homes and yards
  - Estimator tools for hardscape paver and retaining wall blocks
  - Resource center with installation instructions
  - See full product line and technical datasheets
  - Location and contact information for each Mutual Materials branch
  - Searchable Google Map of commercial projects made with Mutual Materials products
